

LAKE OKEECHOBEE SCENIC TRAIL

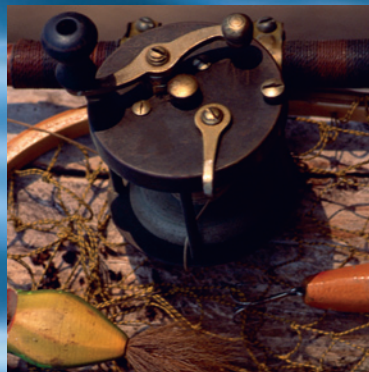

Designated as a segment of the Florida National Scenic Trail, this 110-mile portion circles Lake Okeechobee. The trail runs atop the 35-foot Herbert Hoover Dike, which surrounds the lake to provide for flood protection. Trail users can see views ranging from scenic lakeside to working agricultural landscapes. Portions of the trail run near communities that are at the heart of agriculture, such as Belle Glade and Clewiston.

The area offers opportunities for viewing wildlife, particularly in the fall and winter, when birds such as herons, egrets and a variety of wintering waterfowl are abundant.

Several segments of the trail have been paved to offer a wider variety of recreational opportunities such as bicycling and skating.

LAKE OKEECHOBEE

LAKE OKEECHOBEE

At the center of Florida's heartland is Lake Okeechobee, largest of Florida's lakes and second largest freshwater lake in the United States. Its name is derived from Seminole Indian words meaning "big water." Though somewhat shallow, averaging about 10 feet in depth, the lake covers over 730 square miles (467,200 acres).

The lake is noted for its bountiful fishing. It has long supported a commercial fishing industry and is the site of many tournaments for sport fishing. The lake is also a perfect place for a leisurely sail or cruise, with a choice of protected spots for a floating picnic, or a few hours of quiet contemplation.

Beyond its obvious opportunities for outdoor recreation, Lake Okeechobee serves a greater purpose for all of South Florida. As the state's population grows, so does the lake's importance as a water resource.

FROM THE TENDER

- Coast Guard boating regulations and Florida Boat Safety Laws apply in these waters.
- When approaching a lock, stop the boat and sound the horn located at the end of the pilings.
- When the locktender gives the "go ahead" or the signal turns green, proceed into the lock. To avoid excess current, position the boat along the same side wall from which you are entering.
- Hold the safety lines at the bow and stern to keep from swinging around. Do not tie the ropes to the boat.
- While in the lock, cut off the motor. Do not smoke or refuel.
- Wait until signaled by the locktender before starting the motor and leaving the lock.
- Exiting boats have the right-of-way. It is against the law to enter or leave a lock while the gates are in motion.
- Keep speed down to 5 mph and use caution when entering or leaving a lock. No wake.

boating

LOCK HOURS

G-36, S-135, S310 5:30 am - 8:00 pm Oct. 1 - Apr. 30

S-310, S-131 5:30 am - 9:00 pm May 1 - Sept. 30

S-193 5:30 am - 10:30 pm Dec. 1 - Apr. 30
5:30 am - 9:00 pm May 1 - Nov. 30
5:30 am - 11:00 pm July 4

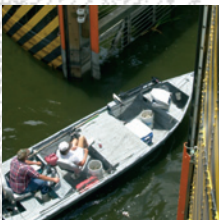

S-308, S-77 6:00 am - 9:30 pm All year
